

Hotline Call Forwarder

The Call Forwarders are responsible for using a Committee provided cell phone to transfer all calls from that cell phone to each volunteer at the start of each new shift every day. The Call Forwarder shifts are two weeks long each.

Full commitment and total accountability of each Call Forwarder is vital to the successful daily operation of the Hotline. We ask that only those with at least 1 year of continuous sobriety respond.

For more detail, please email the Hotline Chair using the link under “Contact Us” on the main website page.

Thank you!!!
